NIEDA

X Group Although headquartered in Germany, the NIEDAX Group operates in Austria and offers a wide range of cable management systems, including steel, aluminum, PVC, and GRP ladder cable trays. They provide full-service solutions, including planning, technical consulting, and installation support, making them suitable for complex industrial and energy projects. 4.

Other Austrian Suppliers Additional Austrian companies listed on B2B platforms such as Europages and wlw.com provide ladder cable trays and related cable management systems. These suppliers offer products with pre-punched holes for easy installation, corrosion-resistant coatings, and options for future expansion or modification.

Applications and Features

Applications: Industrial plants, automotive industry, data centers, and electrical installations. Materials: Steel, aluminum, PVC, and GRP. Features: Corrosion resistance, customizable sizes, easy installation, rounded edges for safety, and support for multiple cable types.

Benefits: Organized cable routing, protection from physical damage, and facilitation of maintenance or troubleshooting. For sourcing ladder cable trays in Austria, contacting Brilltech Engineers or PENGG KABEL directly is recommended for quotes and technical specifications. Additionally, exploring B2B directories like Europages and wlw.com can help identify other specialized suppliers.
