They export globally, including Bahrain, and can provide customized solutions for specific project requirements. Their product range also includes cable tray covers, coupler plates, earthing strips, and junction boxes. FRPCableTrays.com offers perforated cable trays with high load-bearing capacity, suitable for controlled cable installations.

They provide options for wall mounting, hanging, and trapeze configurations, and can customize trays according to project specifications.

Key Considerations

Customization: Many suppliers offer tailored solutions for load capacity, tray dimensions, and mounting configurations. Standards Compliance: Ensure the trays comply with international standards like BS50085 for safety and durability. Accessories: Consider sourcing covers, couplers, and earthing strips from the same manufacturer for compatibility.

Local Support: Choosing a supplier with a presence in Bahrain can simplify logistics, installation support, and after-sales service. For direct inquiries, you can contact Saudigrate via their website or Emerald Steel Industries in Manama for local sales. International suppliers like SAICableTray India and FRPCableTrays.com also provide shipping and project support to Bahrain.
