

Canadian Fiber Optic Switch Manufacturer

Overview

Fiber Optic Switch Manufacturers The leading Fiber Optic Switch Manufacturers in Canada are listed in this directory. You can narrow down the list of manuf.

Key Takeaways

Leading Canadian fiber optic switch manufacturers include OZ Optics Ltd., Infralink Networks Canada Inc., and E. C. I.

Networks Inc., offering a range of optical networking solutions and custom switch assemblies. Key Manufacturers OZ Optics Ltd. Located in Ottawa and established in 1985, OZ Optics is a global supplier of fiber optic products.

They design and manufacture fiber optic components, test equipment, and award-winning fiber optic sensor systems for applications such as oil and gas monitoring, infrastructure safety, and fire detection. Their expertise includes both standard and custom fiber optic solutions for advanced optical networks. Infralink Networks Canada Inc.

Based in Canada, Infralink specializes in custom copper and fiber optic assemblies. They provide a wide range of Datacom accessories, including patch cords, bulk fiber cables, connectors, and patch panels. Infralink focuses on custom assemblies tailored to client specifications and distributes products through resellers and distributors.

E. C. I.

Networks Inc. E. C.

I. Networks offers advanced programmable fiber optic and copper switches for AI, data centers, enterprise networks, and campus environments. They provide open-source SONiC-powered switches, high-speed optical transceivers, and comprehensive network monitoring solutions.

Their products support 1G to 800G networks, 5G, Open RAN, and disaggregated transport, with Canadian warehousing for faster deployment.

Additional Resources

A directory of Canadian fiber optic switch manufacturers lists six companies, allowing users to browse product catalogs, view company profiles, and send inquiries for more information. Other suppliers, such as LEONI Elocab Ltd., provide custom cable solutions for industrial and healthcare markets, which may include fiber optic switch components.

Summary

Canada hosts several reputable fiber optic switch manufacturers capable of supplying both standard and custom solutions for telecommunications, data centers, and industrial applications.

O

Z Optics, Infralink Networks, and E. C. I.

Networks are among the leading providers, offering a combination of high-performance switches, optical components, and network monitoring solutions tailored to modern infrastructure needs.
