

Custom Manufacturer of Electroplated Zinc Cable Trays

Overview

Electroplated zinc cable tray Stock up on cable trays. Find the electroplated zinc cable tray you need to craft customized cable management systems at work.

Key Takeaways

Electroplated zinc cable trays can be custom-manufactured by leading suppliers such as Tianhong, Besca, and Quest Manufacturing, offering tailored sizes, configurations, and certified quality. Leading Manufacturers and Suppliers1. Tianhong Cable Tray (Shandong Tianhong Electric Power Technology Co., Ltd.) Tianhong specializes in the R&D, production, and global supply of cable tray systems, including perforated trays, cable ladders, trunking, strut channels, and fittings.

They provide OEM & ODM services, supporting customized solutions for industrial projects such as power plants, data centers, and commercial buildings. Their production lines are automated, ensuring efficient manufacturing, stable quality, and fast delivery. They offer heavy-duty, powder-coated, and enclosed cable trays suitable for indoor and industrial environments.

2. Besca Industrial Co., Ltd. Besca, with its factory in Zhenjiang, China, manufactures wire mesh cable trays, perforated trays, cable ladders, trunking, and accessories.

They provide custom configurations and a full range of installation accessories. Besca is certified with ISO 9001, UL (U. S.

A.), and CE (E. U.), ensuring international quality standards. Their production facilities include CNC machines and high-quality modeling equipment, supporting large-scale and precise manufacturing.

3. Quest Manufacturing Quest offers electro zinc plated wire mesh cable trays that can be cut and bolted together for custom configurations. They provide lengths of 4ft, 5ft, and 10ft, along with accessories for wall, ceiling, or under-floor mounting.

Their trays are designed for durability and professional appearance, making them suitable for commercial and industrial installations. 4. Alibaba Suppliers Alibaba hosts a wide network of manufacturers offering electroplated zinc cable trays in various shapes and sizes.

These suppliers provide options for under-table, overhead, and heavy-duty cable management, including mesh baskets, ladders, cross joints, and straight sections. Many suppliers support custom orders and bulk purchasing for industrial or commercial projects.

Key Features to Consider

Material and Coating: Electroplated zinc for corrosion resistance and professional finish. Customization: Adjustable lengths, widths, and configurations to fit project requirements. Certifications: ISO 9001, UL, CE for quality assurance and international compliance.

Accessories: Clamps, hangers, cross joints, and ladders for complete installation.

Applications: Suitable for offices, factories, data centers, power plants, and infrastructure projects.

Conclusion

For custom electroplated zinc cable trays, manufacturers like Tianhong, Besca, and Quest Manufacturing provide reliable solutions with customization, certified quality, and global supply capabilities. Alibaba also offers a broad selection of suppliers for tailored cable management systems, making it possible to source trays that meet specific industrial or commercial requirements.
