Eastern European cable tray supplier

Overview

DKC is a European leader, and offers a comprehensive range of cable tray systems and energy protection, transport and distribution solutions for civil and industrial infrastructures.

Key Takeaways

Eurotray Support Systems and DKC Europe are leading cable tray manufacturers serving Eastern Europe and broader European markets.

Eurotray Support Systems

Eurotray specializes in comprehensive cable management solutions, including cable trays, ladders, mesh trays, mounting systems, and fittings designed for low, medium, and high voltage applications. Their products are suitable for industrial, commercial, and data center installations, with options in galvanized, pre-galvanized, hot-dip, aluminum, and electrostatic painted finishes. Eurotray also provides turnkey solutions, including installation support, earthquake-resistant designs, and specialized components for ventilation, cooling, and solar mounting systems.

Their manufacturing facilities are located in Dilovasi and Sekerpinar, enabling large-scale production and customization.

DK

C EuropeDKC Europe is a European leader in cable tray systems and energy distribution solutions for civil and industrial infrastructures. They offer a wide range of products for cable management, including trays, ladders, and accessories, with a focus on industrial and civil engineering projects.

DK

C Europe operates across multiple European countries, providing both products and technical support for installation and project planning.

Key Considerations

Materials: Steel, aluminum, and coated finishes for corrosion resistance. Applications: Industrial plants, data centers, food manufacturing, and infrastructure projects. Services: Technical consulting, project planning, installation support, and turnkey solutions.

Customization: Both companies offer tailored solutions for specific project requirements, including high-load and high-temperature applications. These manufacturers are well-suited for projects requiring robust, compliant, and customizable cable management systems in Eastern Europe and surrounding regions.
