Egyptian High Voltage Busbar Manufacturer

Overview

We can handle everything for you! The company was established in early 2003 by eng. Mohamed gomaa al-meliegy.

Key Takeaways

Egypt hosts several reputable high voltage busbar manufacturers, including Almeliegy, Q-Bar, Square A, and Lectrobar, offering type-tested, IEC-compliant systems for industrial and commercial power distribution.

Key Manufacturers

Almeliegy Founded in 2003 by Eng.

Mohamed Gomaa Al-

Meliegy, the company specializes in electrical panels and busbar products. Their offerings are tested and certified by the Egyptian Electricity Holding Company, the Extra High Voltage Research Center in Egypt, and KEMA Laboratory in Europe. Almeliegy emphasizes rapid emergency response and has over 21 years of experience in diverse projects across multiple sectors.

Q-

Bar Q-

Bar is one of Egypt's pioneering busbar trunking manufacturers, producing systems from 20A light circuits up to 10,000A high-power risers. Their products include compact sandwich busbars, IP68 hybrid systems, and air-insulated trunking.

Q-

Bar emphasizes type-tested, IEC-compliant systems with fast local manufacturing from their Sadat City facility, supporting industrial, commercial, and MEP applications. Square A Square A specializes in medium voltage insulated copper pipes and busbars for transformers with delta connections. They have developed innovative products like the "Flixable Busbar," certified by ABB Arab and the High Voltage Research Center in Egypt.

The company collaborates with major power system companies such as Siemens, Schneider Electric, ABB Arab, and Elsewedy Electric, ensuring high-quality, customized electrical solutions. Lectrobar Founded in 1975, Lectrobar manufactures fully type-tested busduct systems and power distribution solutions. Their products include sandwich IP54 indoor, IP55/IP65 outdoor, IP68 cast resin, and fire-rated busduct systems.

Lectrobar maintains in-house engineering and manufacturing, ensuring IEC 61439-6 compliance and DEKRA certification. They serve critical infrastructure projects across Egypt and the Gulf region. Considerations for Choosing a SupplierCertifications and Testing: Ensure products are type-tested and comply with IEC standards.

Product Range: High voltage busbars may include air-insulated, cast resin, or sandwich designs suitable for industrial and commercial applications. Experience and References: Companies with extensive project experience and collaborations with global electrical manufacturers provide reliability and technical support. Delivery and Support: Local manufacturing can reduce lead times, and companies offering installation support and engineering services add value.

These companies represent the leading options for high voltage busbar solutions in Egypt, combining local manufacturing expertise with international standards compliance.

Article Content

Q-Bar | Power Busbar Systems Manufacturer — Egypt

Q-Bar is Egypt''s pioneer busbar manufacturer. Compact sandwich busbars (630A–10,000A), IP68 hybrid systems, and air-insulated trunking — engineered, type-tested, and delivered from our Sadat City

almeliegy

We can handle everything for you! The company was established in early 2003 by eng. Mohamed gomaa al-meliegy. The company started manufacturing electrical panels and manufacturing its first

Lectrobar | Reliable Power Distribution. Engineered In-House.

Lectrobar was founded by Eng. Abed El Habashi with a pioneering vision to establish a locally manufactured, internationally competitive busduct system for the Middle East.

Lectrobar | Reliable Power Distribution. Engineered In-House.

Lectrobar Group operates state-of-the-art manufacturing facilities across Egypt and the Gulf region, delivering fully type-tested busduct and power distribution systems that meet the highest international

The Electrical Egyptian Engineering Company (3E)

Busbar system is designed and produced using the latest technology for high power distribution with ratings from 400A to 6300A with high conductivity copper and

AETRONIX EGYPT | busbar

An e-commerce site of Arab Engineers Co. Ltd., the leading distributor of Electronics, Electrical, Test & Measurement, Tools & Mechanical Components in Saudi Arabia and Egypt.

The Electrical Egyptian Engineering Company (3E) | Products

Founded in 1983 is a member of EAE Group, one of the leading manufacturing groups of Turkey, in electromechanical industry.

EAE Electric | Busbar Energy Distribution Systems

EAE Electric makes energy distribution safer and more sustainable with its modular Busbar Systems and Support System solutions that eliminate cable clutter in high-rise buildings.

ECC Cables

© 2026 ENSAA OPTICAL NETWORKS - All rights reserved

ECC Cables - Ultra High Voltage Cables Appliances, Electrical, and Electronics Manufacturing A leader in the cables manufacturing industry in Egypt.

Egypt Cable

Check out our production to the Egyptian and Middle East markets with low, medium and high voltage cables, electricity wires, conductors, and building wires with the

Electrical Switchgear & LV Systems Manufacturer in Egypt | GMS Egypt

Our activity The company specializes in manufacturing and installing LV and MV electrical systems, including switchgear, control gear, panels, and busbar trunking. It also provides power factor

Bus Bars | Power Solutions

This durable insulator withstands a high voltage dielectric test. The powder coating may be applied to any shape at one of Methode''s manufacturing facilities. Choose from multiple colors, thicknesses and

EG Electronics | Busbars

Explore our extensive range of busbars, designed to connect high-voltage and low-voltage equipment efficiently. Our busbars, available in both insulated and uninsulated options, cater to the unique

The Electrical Egyptian Engineering Company (3E) | Busbar

Ex-proof protected and compatible with E-line KX busbar modules. IP 68 protection class. The “DUROCOMP” composite material which has high temperature and mechanical working strength

BUSWAY | 2M Electric Egypt Company

2m company develops power transmission solutions for low voltage busway trunking system, with advanced designs to give highly efficient results in terms of prices that suit all specifications without

busbar Manufacturer/Producer | B2B companies and suppliers

202 suppliers for busbar Manufacturer/Producer Find wholesalers and contact them directly B2B martketplace Find companies now!

About – XD||EGEMAC

XD-EGEMAC had completely finished establishing the first Power Transformer Factory in Egypt & Middle East that had the manufacturing capability up to 550

2M Electric Egypt Company

© 2026 ENSAA OPTICAL NETWORKS - All rights reserved

2M Electric Group Company We are an Egyptian electrical company that can provide Low and Medium Voltage Equipment. Our production facility has been certified under ISO9001, ISO14001, IS045001.
