Galvanized cable tray color standard price

Overview

Cable Tray Price List | Electrical WorksThe cable tray price list are for hot dip galvanized ladder type cable tray. The price is based on standard length.

Key Takeaways

Galvanized cable trays are typically metallic silver due to zinc coating, with prices varying by type, size, and supplier.

Color Standard

Galvanized cable trays are coated with zinc to prevent corrosion, giving them a natural metallic silver finish. Unlike PVC-coated or powder-coated trays, galvanized trays generally do not follow a color-coding standard for electrical phases or circuits; the silver color is standard across most industrial and commercial installations. For projects requiring color differentiation, additional painting or labeling is often applied after installation.

Types and Pricing

Galvanized cable trays come in several types, including ladder, perforated, and ventilated trays. Prices are influenced by tray type, height, width, and length: Hot-dip galvanized ladder trays (standard 2. 4 meters length) are commonly priced per tray or per unit, with fittings sold separately.

Coupler plates and hardware for 25–100 mm height trays range from approximately ₹16 to ₹30 per piece in India, depending on size.

Factory-direct or OE

M trays may offer competitive pricing, especially for bulk orders, with options for lightweight or customized configurations.

Factors Affecting Price

Material thickness: Thicker steel increases load capacity and cost. Tray type: Ladder trays are generally more expensive than perforated trays due to structural strength. Length and width: Standard lengths are 2.

4 meters; wider trays cost more. Supplier and location: Prices vary by manufacturer and region, with bulk orders often receiving discounts. Additional coatings or customization: Powder coating or color coding adds to the cost.

Summary

Color: Metallic silver (zinc-coated), no universal color standard. Price range: Ladder-type galvanized trays typically priced per 2. 4 m unit; fittings ₹16–30 per piece in India, with factory-direct or OEM options available for cost savings.

Considerations: Choose based on load capacity, environmental exposure, and installation requirements. For accurate pricing, it is recommended to request quotes from local suppliers or distributors, especially for bulk or customized orders.
