Ggp fiber optic patch cord

Overview

All VF45 patch cords are constructed with the innovative 3M "GGP" high-strength coated optical fiber, providing enhanced durability under tight bend radius conditions. VF-45 Fiber Optic Patch Cord is designed by 3M and features plug and jack design without the need to adapters. Customized high-strength optical fiber VF45 –LC MM OM1 OM2 patch cord GGP Fiber Patch Cord 3M Volition VF-45 patch cables are manufactured using GGP (Glass/Glass/Polymer) fiber optic cables and industry standard ST, SC, FC, LC, MTRJ and VF-45 fiber optic connectors. GGP fiber cable assemblies are. Company Introduction:Puno is the Chinese manufacturing company of superior quality, specialized in assembling connectors on optical fiber cable, was created on January 1, 2005 after spending three years as an incubated division, and became the international department to offer products around the. Singlemode VF45 Fiber Patch Cord With GGP Fiber ConnectedDescription: The Volition VF-45 Socket and Patch Cords from 3M are the latest duplex, fiber optic interconnects for affordable, high bandwidth, fiber-to-the-desk networks. GGP fiber cable assemblies are ideal for panel-to-panel cross-connects, equipment back planes, under desk and other. VF-45 fiber optic patch cords are comprised of a polymer outer body and inner assembly fitted with a precision alignment mechanism. Innovative fully automatic dust cover, on the top of the connector, can keep dust away and make sure eye safety when inserting into VF-45 adapter. The cable used to make Volition patch.
