Overview

Cable Tray Price Quotation 2025 | PDF Revised Cable Tray List 16-07-2025 - Free download as PDF File (.pdf), Text File (.txt) or read online for free. Cabl.

Key Takeaways

Cable tray prices in Mali generally range from $2 to $25 per meter, depending on material, type, and order quantity.

Price Overview

Cable tray costs vary significantly based on material, design, and supplier. Common materials include galvanized steel, stainless steel, aluminum, and fiberglass-reinforced plastic (FRP). Galvanized steel is the most cost-effective and durable for general use, while stainless steel and aluminum are more expensive due to corrosion resistance and lightweight properties.

FR

P trays are ideal for harsh environments but command higher prices due to their specialized performance. Galvanized Steel: $2–$10 per meterStainless Steel: $8–$25 per meterAluminum: $5–$20 per meterFRP/Plastic: $4–$15 per meterPrice by Tray TypeLadder Trays: Strong and suitable for heavy-duty installations; typically at the higher end of the price range. Perforated Trays: Moderate cost, good ventilation, suitable for commercial and mixed-use environments.

Solid Bottom Trays: Provide maximum protection, often used in chemical or outdoor installations; prices are higher due to material usage. Wire Mesh Trays: Lightweight and cost-effective for light cabling. Channel Trays: Compact and efficient for small bundles; generally lower cost.

Factors Affecting Prices in Mali

Import Costs: Most cable trays are imported, so shipping, customs duties, and local taxes can increase prices. Bulk Orders: Purchasing in large quantities reduces per-unit cost, especially for industrial or construction projects. Installation and Labor: Skilled labor availability and local wages can add to total project costs.

Environmental Considerations: Corrosive or high-humidity areas may require stainless steel or FRP, increasing costs.

Estimated Market Range

For small-scale or residential projects, cable trays in Mali may cost $2–$10 per meter for standard steel or aluminum trays. For industrial or commercial projects, especially requiring stainless steel or FRP, prices can reach $15–$25 per meter. Bulk procurement from suppliers like Alibaba or regional distributors may offer lower per-unit costs for large projects.

By considering material, type, and project scale, buyers in Mali can select cable trays that balance durability, safety, and cost efficiency.
