

Lebanon Smart Distribution Box Installation Manufacturer

Overview

Orvix, Home Automation Lebanon, Smart Home Lebanon, Smart ORVIX is a smart automation and electrical services company focused on creating modern, efficient.

Key Takeaways

Leading providers for Smart Distribution Box (SDB) installation in Lebanon include Novo, Harb Electric, Orvix, Ets Rahi (Smart Line), and Al Bonian Group. Key Companies and Services1. Novo Novo specializes in home and business automation, including smart electrical solutions, security systems, and solar integration.

They offer installation and configuration of wired and wireless networks, UPS systems, and smart devices compatible with SDBs. Novo works with partners like Somfy, Comelit, Urmet, and Scame, providing professional installation and ongoing support for residential and commercial projects in Lebanon. 2.

Harb Electric With over 50 years of experience, Harb Electric delivers advanced electrical, automation, and lighting solutions. They provide low and medium voltage switchgear, breakers, transformers, and smart power energy solutions. Their services include KNX home automation, EV charging, and intelligent control systems, making them a reliable partner for SDB installation and integration in both residential and industrial settings.

3. Orvix Orvix focuses on smart automation and electrical services, including KNX systems and energy-efficient smart technologies. They provide tailored solutions for homes and offices, ensuring safety, comfort, and energy management.

Their certified engineers handle installation, testing, and compliance with international standards, which is essential for integrating SDBs into modern smart buildings. 4. Ets Rahi (Smart Line) Ets Rahi, through its Smart Line brand, offers smart living solutions powered by Zennio technology.

They provide consultation, installation, and integration of electrical and automation systems, including SDBs, for residential and commercial projects. Their expertise covers power infrastructure, transformers, and intelligent control systems for energy efficiency and security. 5.

Al Bonian Group Al Bonian Group is a global manufacturer and supplier of electrical infrastructure systems, including low-voltage transformers, earthing, lightning protection, and energy-efficient solutions. They specialize in industrial and commercial electrical systems, making them a strong option for SDB manufacturing and installation in large-scale projects.

Summary

For Smart Distribution Box installation in Lebanon, these companies provide a combination of manufacturing, supply, and professional installation services. Novo and Orvix are more focused on residential and commercial smart automation, while Harb Electric, Ets Rahi, and Al Bonian Group offer industrial-grade electrical solutions and integration with renewable energy and automation systems. Engaging with these providers ensures compliance with safety standards, energy efficiency, and long-term support.
