

Malaysia Fiber Optic Transceiver Connector Manufacturer

Overview

Fiber Optical Transceiver in MalaysiaMalaysia Fiber Optical Transceiver Directory provides list of Made in Malaysia Fiber Optical Transceiver Products supp.

Key Takeaways

Key Malaysian manufacturers of fiber optic transceivers and connectors include Premtel Systems, Fiber-Rex, and HH Optics, offering a wide range of optical connectivity solutions.

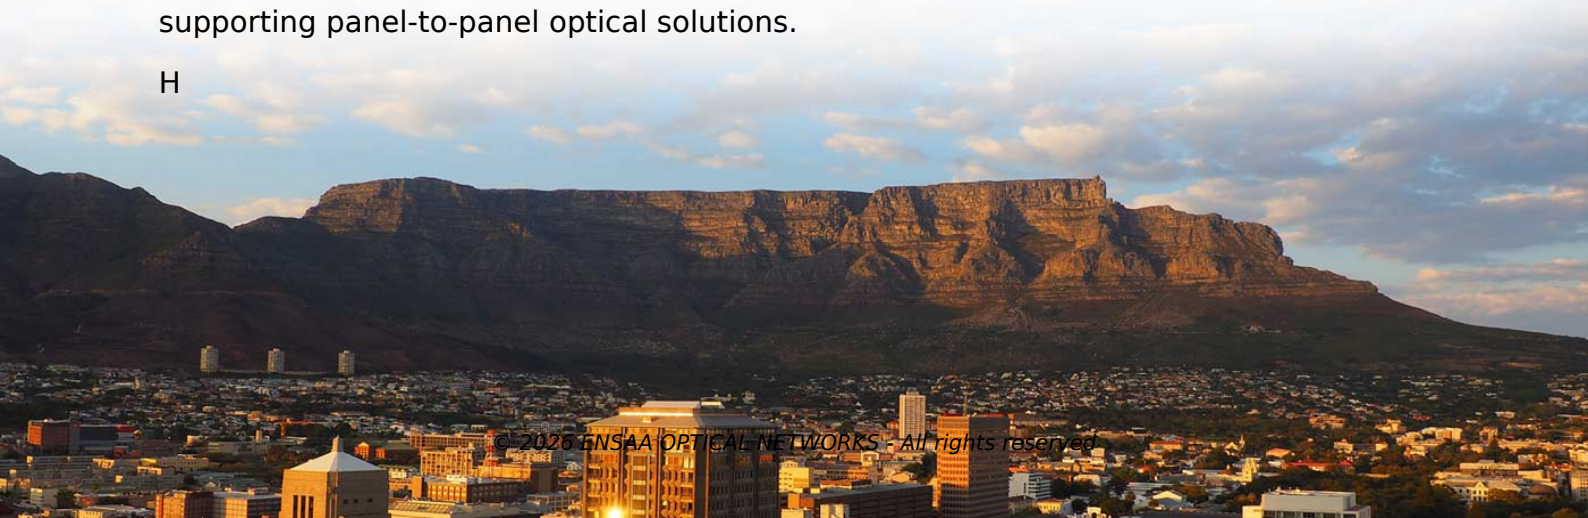

Leading Manufacturers

Premtel Systems Sdn Bhd is a well-established manufacturer providing fiber optic connectors, FTTH solutions, structured cabling, and related networking products. They serve both local and international customers, ensuring high-quality telecommunication and networking solutions.

Fiber-

Rex Systems (M) Sdn Bhd designs, develops, manufactures, and sells fiber optic cabling, connectivity, and management systems. Their product range includes tight-buffered and loose-tube cables, connectors, adaptors, pigtails, and patch cords, supporting panel-to-panel optical solutions.

H

H Optics Communication (M) Sdn Bhd, based in Ulu Tiram, Johor, specializes in fiber optic converters and SFP transceivers. They provide advanced optical communication solutions for businesses and data-driven organizations across Malaysia, ensuring secure and high-performance network connectivity.

Additional Notable Suppliers

Malaysia hosts a robust fiber optic manufacturing ecosystem. Other prominent companies include: Opcom Holdings: Offers complete passive infrastructure solutions, including cables, sub-ducts, and installation equipment, with expertise in air-blown fiber systems. Tenaga Cable Industries (TCI): Produces dual-purpose cables integrating electrical power and fiber optic communications, with high-voltage testing capabilities.

Hengtong Malaysia: Manufactures optical preforms, submarine cables, and finished fiber optic products, leveraging automated production for consistent quality. Southern Cable Group: Produces both electrical and optical cables, with modern fiber production lines for faster delivery. Leader Cable Industry: Offers decades of experience in fiber optic cable manufacturing with extensive international certifications.

Summary

For sourcing fiber optic transceivers and connectors in Malaysia, Premtel Systems, Fiber-Rex, and HH Optics are key manufacturers with comprehensive product lines. For large-scale cable infrastructure projects, companies like Opcom, TCI, Hengtong, Southern Cable, and Leader Cable provide additional capabilities, including high-volume production, specialized testing, and integrated solutions. These manufacturers collectively support Malaysia's growing telecommunications and data network infrastructure.
