Key Takeaways

Cable tray prices in the Maldives vary depending on material, size, and supplier, typically ranging from USD 50 to USD 200 per 9'6" metal tray bundle.

Price Overview

In the Maldives, metal cable trays (trough type) are commonly sold as bundles including the tray, connectors, and screws. For example, Asters Maldives lists 9'6" metal cable trays from the brand CH&Q, with different models available in silver or white finishes, though exact prices are provided upon inquiry or pre-order. Prices generally depend on the material (metal vs aluminum), finish, and included accessories.

Factors Affecting Price

Material: Metal trays are generally more affordable than aluminum or coated variants. Size and Length: Standard 9'6" trays are common, but custom lengths may increase cost. Accessories: Bundles including connectors, screws, and mounting hardware can raise the price.

Order Volume: Bulk purchases often reduce per-unit cost. Shipping and Import Fees: For imported trays, logistics and customs duties in the Maldives can affect the final price.

Recommendations

Contact local suppliers like Asters Maldives for exact quotes and availability. For large projects, consider B2B platforms to compare multiple suppliers and negotiate bulk pricing. Verify material specifications and included accessories to ensure the quoted price covers all necessary components for installation.

By considering these factors, buyers in the Maldives can expect trough-type cable trays to cost approximately USD 50–200 per unit, depending on specifications and supplier terms.
