

New type of cable tray clip

Overview

Like all LINIAN products, the new Cable Tray Clip uses recyclable packaging and ethically sourced materials.

Key Takeaways

The LINIAN Cable Tray Clip is a fire-rated, reusable clip that enables up to 90% faster cable tray installations while ensuring safety, compliance, and sustainability.

Key Features

Rapid Installation: The clip eliminates the need for stainless steel cable ties and ratcheting tools, allowing installers to lock it in place by hand, reducing installation time by up to 90%. **Versatile Sizes:** Available in five sizes ranging from 50mm for light-duty trays to 225mm for medium and heavy-duty trays, compatible with any brand of cable trays.

Fire-

Rated and Safe: Fully compliant with the 18th Edition Wiring Regulations (BS 7671: 2018), the clip is designed to prevent premature cable collapse during a fire. **Durable Construction:** Made from non-corrosive, weather-resistant materials, ensuring long-term reliability.

Benefits

Efficiency: Faster installation allows contractors to complete more projects in less time, improving productivity and reducing labor costs. **Sustainability:** Reusable design and recyclable packaging reduce on-site waste and environmental impact, supporting eco-friendly practices. **Ergonomics:** Tool-free installation reduces strain on installers' hands, wrists, and back, enhancing workplace safety.

Applications

The LINIA

N Cable Tray Clip is ideal for electrical and M&E contractors who install large lengths of cable trays, offering a reliable solution for light, medium, and heavy-duty tray systems. It is suitable for both indoor and outdoor installations due to its weather-resistant properties.

Availability

The product is manufactured in the UK and is available through CEF, wholesalers, and directly via the LINIAN website. Installers can contact the LINIAN sales team for orders or inquiries.

The LINIA

N Cable Tray Clip represents a modern, efficient, and sustainable alternative to traditional cable fastening methods, combining speed, safety, and environmental responsibility in one solution.
