

Papua New Guinea optical fiber cable manufacturer

Overview

Trusted Fiber Optic Contractor Papua New Guinea Cetelnet is a leading fiber optic contractor Papua New Guinea, delivering expert network design, installatio.

Key Takeaways

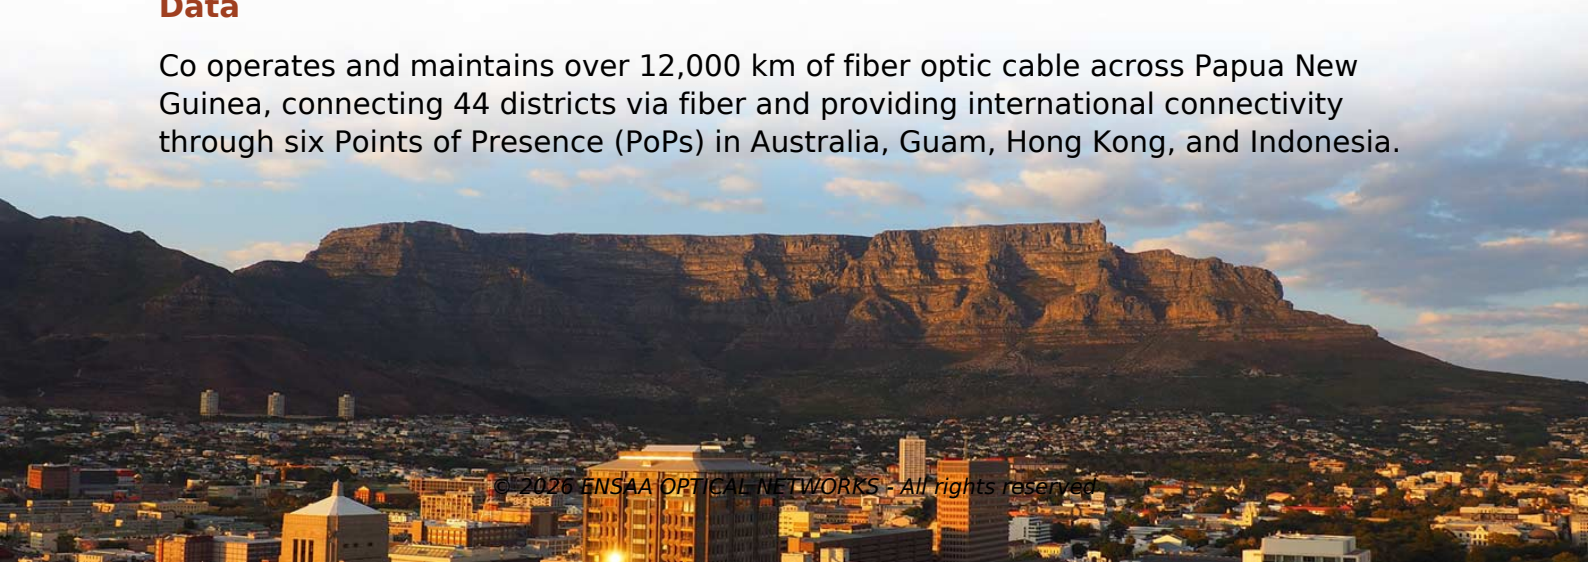

Key fiber optic cable providers in Papua New Guinea include Cetelnet, DataCo, and Alcatel Submarine Networks, supporting both local and international communication infrastructure.

Local Suppliers

Cetelnet is a leading fiber optic supplier in Papua New Guinea, offering a full range of single-mode and multi-mode fiber optic cables suitable for underground, aerial, and in-building installations. They also provide connectors (SC, LC, ST), splice closures, distribution boxes, patch panels, and professional installation services including splicing, OTDR testing, and network certification. Cetelnet serves telecom operators, government agencies, and private enterprises across urban and rural areas, ensuring reliable and scalable network infrastructure in PNG.

Data

Co operates and maintains over 12,000 km of fiber optic cable across Papua New Guinea, connecting 44 districts via fiber and providing international connectivity through six Points of Presence (PoPs) in Australia, Guam, Hong Kong, and Indonesia.

Data

Co supports both local and international telecommunications, offering low-latency, high-availability services for wholesale and enterprise networks.

International and Submarine Cable Providers

Alcatel Submarine Networks (ASN) supplied and installed the Coral Sea Cable System (CS2), a 4,700 km submarine fiber optic cable connecting Port Moresby, PNG, to Sydney, Australia, and Honiara, Solomon Islands. This system uses Dense Wavelength Division Multiplexing (DWDM) technology and provides up to 40 Tbps capacity, significantly enhancing PNG's international connectivity. ASN's involvement includes repeaters, submarine line terminal equipment, and cable-laying services.

Vocus Communications also participated in the construction of the Coral Sea Cable System, collaborating with ASN to deliver next-generation connectivity for PNG and the Solomon Islands.

Summary

For optical fiber communication in Papua New Guinea, the main manufacturers and suppliers include: Cetelnet – local supplier of fiber cables, connectors, and installation services DataCo – operator of extensive terrestrial and international fiber networks Alcatel Submarine Networks (ASN) – international supplier and installer of submarine fiber optic systems Vocus Communications – partner in submarine cable construction These companies collectively support both domestic and international fiber optic infrastructure, enabling high-speed internet, VoIP, and digital services across PNG.
