Source of Irish Cable Tray Support Manufacturers

Overview

We service Electrical Engineering projects & wholesale partners in all 4 Irish provinces. In the UK we are mainly involved in the car manufacturing, energy and commercial automation industry.

Key Takeaways

Key cable tray manufacturers in Ireland include Niedax CMS Ireland, Excel Electric Group, Core Distribution, and Jeetmull Jaichandlall, offering a wide range of cable management solutions for industrial and commercial projects.

Niedax CMS Ireland

Niedax CM

S Ireland is part of the global Niedax Group, one of the largest cable tray manufacturers worldwide. They provide “Quick Fit” cable management systems and serve electrical contractors across all four Irish provinces. Their products are suitable for commercial, industrial, and data center projects, and they offer expert guidance from design to installation.

Excel Electric Group

Based in Bluebell, Dublin, Excel Electric Group has been active since 1974 and specializes in in-house manufacture of cable support systems, including extensive trunking systems and 25 mm cable trays. Since joining the Niedax Group in 2019, they operate alongside Niedax CMS Ltd. in Ireland, offering over 5,000 articles, including customer-specific solutions for wholesale and project markets.

Core Distribution

Core Distribution supplies a comprehensive range of steel trunking, cable trays, baskets, and ladders suitable for various applications. They focus on strong, stylish, and easy-to-install solutions for both standard and specialized projects, partnering with international manufacturers to provide high-quality cable management systems.

Jeetmull Jaichandlall

Jeetmull Jaichandlall is recognized as one of the top cable tray manufacturers in Ireland, offering products in various sizes, shapes, and colors. They operate a modern manufacturing facility and emphasize high-quality finishing, adherence to industry standards, and tailored solutions for different sectors.

Summary

These manufacturers provide a wide range of materials and configurations, including steel, aluminum, and specialized trays for heavy-duty or industrial applications. They cater to both commercial and industrial projects, offering support from design to installation, and can supply standard or customized solutions depending on project requirements. Choosing among them depends on project scale, material preference, and the level of technical support needed.
