

Supply cost of ladder-type steel cable trays

Overview

Cable Tray Price Per Meter: Market Analysis & Cost Discover the key factors affecting cable tray price per meter, including materials, demand, and competit.

Key Takeaways

Ladder-type steel cable trays are available at prices starting from approximately ₹90–₹100 per meter in India, with variations depending on material, coating, and supplier.

Price Range and Suppliers

In India, affordable ladder-type steel cable trays are offered by suppliers such as Global Manufacturers and Traders (starting at ₹90/meter), Canco Fasteners (₹100/meter), and Excel Metal & Engg Industries (₹100/meter) with bulk order support and delivery options available. Prices may vary based on the material type, such as hot-dip galvanized steel, which is commonly used for durability and corrosion resistance. Material and Specifications Ladder-type cable trays are typically made from steel, aluminum, or fiberglass.

Steel trays, often galvanized or powder-coated, are preferred for heavy-duty applications due to their strength and longevity. Standard lengths are usually 2. 4 meters per section, and prices for fittings (elbows, tees, reducers) are calculated per piece.

The ladder design allows for airflow to prevent overheating and supports large-diameter cables over long spans.

Factors Affecting Price

Material: Galvanized steel is more expensive than aluminum or uncoated steel. **Tray Size and Load Capacity:** Wider or thicker trays for heavier cables cost more. **Coating and Finish:** Powder-coated or hot-dip galvanized trays offer better corrosion resistance.

Accessories: Fittings, connectors, and risers add to the total cost. **Order Quantity:** Bulk purchases often reduce the per-meter price.

Summary

For budgeting purposes, expect ladder-type steel cable trays to start around ₹90–₹100 per meter in India, with additional costs for fittings and specialized finishes. Contacting suppliers directly is recommended to obtain updated quotes, bulk discounts, and delivery options.
