

Syrian Grid Cable Tray Manufacturer

Overview

About A.P.V for cables management systems was launched since 1999 by the hands of experts, qualified and well-trained team in the heart of the Middle East.

Key Takeaways

APV Metal Cable Tray and Union Electric Group are leading manufacturers of cable tray systems and connectors in Syria.

AP

V Metal Cable TrayAPV Metal Cable Tray, established in 1999 in Damascus, Syria, specializes in cable management systems, including metal cable trays, press Atop, flexible trays, electrical panels, and underfloor boxes. The company emphasizes high-quality standards, accurate measurements, and customization, making it suitable for industrial, commercial, and large-scale construction projects.

AP

V has a skilled team capable of producing cable tray connectors and accessories in various shapes and sizes to meet local and regional market demands. Union Electric Group (UEG)Union Electric Group, located in the Adra Industrial Zone near Damascus, is a major cables and electrical equipment manufacturer in Syria. Through its subsidiary, Union Cables Company, established in 2016, UEG produces power cables, control cables, and cable management accessories, including connectors compatible with low, medium, high, and extra-high voltage systems.

The company follows international standards (IEC, BS, NF, VDE) and uses advanced machinery to ensure high-quality products suitable for both local and regional markets.

Key Considerations

Both AP

V and UEG provide customizable solutions for cable tray systems and connectors.

AP

V focuses more on cable tray systems and accessories, while UEG combines cable manufacturing with distribution and connector solutions. Both companies are capable of supporting industrial, commercial, and infrastructure projects in Syria and the Middle East. For sourcing, you can contact APV Metal Cable Tray through their Damascus office or Union Electric Group via their Adra Industrial Zone facility.

Both companies maintain professional teams to assist with technical specifications, product selection, and project requirements.
