Wall-mounted optical cross-connector bracket

Overview

These brackets are designed to offer quick network connect points for 19" mounting applications and may be stacked for rack mount 110 tower applications. Either way, the OCC wall mount brackets offer durability and flexible customization to meet any cabling infrastructure need. Their durable clear, tinted doors allow for easy viewing of jumper connections. Corning wall-mountable connector housing (WCH) product family offers enhanced innovative features that make installation and troubleshooting of fiber optic connectivity faster, easier and more cost-effective. From fiber and cable routing and strain -relief to port labeling and termi-nation. With features like integrated fiber management and easy cable distribution, Optical Cable Corporation's Wall Mount Cabinets (WTC) provide a solid foundation for any fiber optic application.
