Waterproof distribution box small

Overview

A waterproof distribution box protects terminals, splices, and miniature modules from water, dust, and UV exposure—critical for outdoor reliability and safety. Our AT Series and HT Series are engineered for long-term performance under IP65 waterproof distribution box requirements. Built with durable materials, CE & ROHS certified. Contact us for custom solutions!Are you looking for a compact, easy-to-install waterproof fuse and relay box?

The HWB60-AL Series Hard-Wired Waterproof Power Distribution Box with AssureLatch™ (PDM71009ZXM) is a great choice for protecting accessory circuits and overflow circuits from a main power distribution module (PDM). It ships with a DIN rail for MCB/RCD/RCBO, supports neutral/earth bars, and provides knock-out entries that fit cable glands to maintain IP65 sealing. Available in 4-39 ways, single/double/triple layers, ideal for industrial, commercial, and photovoltaic applications.
