

What are some French optical cable manufacturers

Overview

IDIL Fibres Optiques is a Breton SME with 35 employees, a French leader in fiber optic and laser technologies. The company specializes in the design, development, manufacturing, and distribution...

Key Takeaways

IDEA Optical and ACOME Group are leading French manufacturers of optical fiber cables, offering extensive production capabilities and innovative connectivity solutions. Key Manufacturers IDEA Optical is a prominent French company specializing in optical fiber cable connectivity and cable management, with over 20 years of expertise. It serves major contractors in the telecom, energy, and railway sectors across the EMEA region.

The company operates production facilities in Lannion, France, with a 9,500 m² production space, integrated design office, and supply chain warehouse.

IDE

A Optical is a subsidiary of the ACOME Group, which produces nearly a third of the optical fiber installed in France, with cables containing up to 1,000 fibers.

ACOM

E Group is a French industrial group focused on high-tech cables and components for telecommunications, data networks, and automotive applications. With a turnover of 535 million euros in 2024 and around 1,600 employees, ACOME supports Very High Speed Broadband deployment, 5G infrastructure, and smart building connectivity. The group emphasizes innovation, environmental responsibility, and cooperative governance.

LUXER

I specializes in custom manufacturing of fiber optic lighting solutions, optical guides, and optical cables for diverse applications, leveraging over 20 years of experience in the field.

IDI

L Fibres Optiques is a Breton SME with 35 employees, recognized as a French leader in fiber optic and laser technologies. The company focuses on the design, development, manufacturing, and distribution of optical fiber solutions.

Additional Notable Companies

Other French companies involved in optical fiber manufacturing and network deployment include Centre Fibre Optique, OPTY-FIBRE, Point Fibre Optique, and EURAFIBRE, which provide specialized services such as Fiber to the Home (FTTH), network construction, and high-speed broadband connectivity.

Summary

France hosts a robust optical fiber manufacturing sector, with companies like IDEA Optical, ACOME Group, LUXERI, and IDIL Fibres Optiques leading in production, innovation, and deployment. These manufacturers support telecom, energy, and industrial sectors, offering solutions ranging from high-capacity fiber cables to advanced connectivity and network management systems, ensuring France's strong position in the global fiber optic market.
