What are some manufacturers of optical cable production instruments

Overview

We offer complete fiber optic cable (FOC) manufacturing solutions, from fiber to finished cable, as well as individual solutions for the individual process steps of fiber optical cable production.

Key Takeaways

Leading manufacturers of optical cable production equipment include Rosendahl Nextrom, Yangtze Optical Fiber and Cable, Furukawa Electric, Sumitomo Electric, and Fiber Optic Center.

Key Manufacturers

Rosendahl Nextrom Gmb

H – Based in Austria, Rosendahl Nextrom is a global leader in optical fiber and cable production technologies. They provide complete solutions for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing, and cable assembly, offering both full production lines and individual process equipment. Yangtze Optical Fiber and Cable Co., Ltd. (YOFC) – One of China's largest optical fiber and cable manufacturers, YOFC produces a wide range of production equipment for fiber drawing, coating, and cable manufacturing, supporting high-density and high-performance telecom applications.

Furukawa Electric Co., Ltd. – A Japanese company offering comprehensive solutions for optical cable production, including fiber drawing towers, coating lines, and ribbon fiber systems. Furukawa is known for high-quality, reliable equipment suitable for both standard and specialty fibers. Sumitomo Electric Industries, Ltd. – Another major Japanese manufacturer, Sumitomo provides fiber drawing towers, ribbon fiber production systems, and complete cable production lines.

Their equipment supports high-speed, high-density fiber optic cable manufacturing. Fiber Optic Center, Inc. – Based in the U. S., this company specializes in distributing fiber optic production equipment and supplies, catering to laboratories, small-scale production, and educational purposes.

Additional Notable Manufacturers

Corning Inc. – While primarily a fiber manufacturer, Corning also provides specialized equipment for high-purity glass fiber production and cable assembly, supporting ultra-low loss and bend-insensitive fibers. Prysmian Group – An Italian company with global operations, Prysmian offers turnkey cable production systems and invests in innovative fiber technologies.

Dekam-

Fiber and CommMesh – Emerging manufacturers providing high-performance fiber optic production solutions with a focus on long-haul and indoor network applications.

Equipment Types

Optical cable production instruments typically include: Fiber drawing towers and preform furnacesCoating and curing linesRibbon fiber production systemsLoose tube and tight-buffer cable linesProof testing and quality monitoring systemsSpooling, sheathing, and jacketing machines These manufacturers provide both complete production lines and individual process equipment, allowing customization based on production scale, fiber type, and application requirements. Choosing a supplier depends on factors such as equipment quality, technological capabilities, service support, and cost efficiency.

Article Content

machines for fiber optical cable production

We offer complete fiber optic cable (FOC) manufacturing solutions, from fiber to finished cable, as well as individual solutions for the individual process steps of fiber optical cable production.

Fiber Optic Test Equipment | Suppliers

Explore 80 top manufacturers and suppliers of Fiber Optic Test Equipment in our comprehensive photonics buyers'' guide. Fiber optic test equipment encompasses a range of specialized tools and

Key Optical Fiber Manufacturing Equipment: A Complete Guide

Learn about key optical fiber manufacturing equipment like drawing towers, coating systems, and proof testers to optimize your production line.

PFO fiber optic test instrument supplier for the optical fibers & cable ...

PFO supplies instruments to test and measure the performance of optical fibers and fiber-optic cables – the backbone of the telecommunications industry. Offering flexible configuration of products to fulfil

Who are the world''s best optical cable production equipment factories?

These are just a few examples of the many reputable optical cable production equipment factories available. It is important to do your research and choose a supplier that can provide high

Manufacturing Equipment | Suppliers | Photonics Buyers'' Guide ...

Nextrom is a leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon

12 Fiber Tester Manufacturers in 2026

This section provides an overview for fiber testers as well as their applications and principles. Also, please take a look at the list of 12 fiber tester manufacturers and their company rankings.

Photon Kinetics | Fiberoptic cable test & measurement

For years, we''ve been at the forefront of optimizing and automating how cable manufacturers test their fibers. Whether it''s cable design qualification, in-process testing, or final quality control—PK

Optical Instrumentation

At Opticology, we excel in the realm of miniature optical system integration, offering comprehensive services for the assembly of custom analytical instruments, fiber systems, and imaging devices.

Top 24 Fiber Optic Cable Manufacturing Companies

If you want to find more companies that provide optical cables and connectors you can do so with Inven. This list was built with Inven and there are hundreds of companies like these globally.

Online Bulk Cable Company | CableWholesale

As a premier online bulk cable company, CableWholesale carries a large inventory of computer cables, USB, HDMI, fiber optic, VGA cables, and more. Shop now!

30 Types of Production Equipment for Optical... | AIMIFIBER

Optical fiber and cable manufacturing equipment is designed and made for the production Learn more from AIMIFIBER — fiber optic manufacturer since 2008.

machines for fiber optical cable production

Increasing data capacities in optical signal transmission require ever-smaller cable diameters and higher fiber density at the same time. With Rosendahl machinery, you are well equipped to meet the

109 Fiber Optic Cable Manufacturers in 2026

This section provides an overview for fiber optic cables as well as their applications and principles. Also, please take a look at the list of 109 fiber optic cable manufacturers and their company rankings.

The Complete Guide to Fiber Optic Cable Manufacturing: Powering

Sinoptec''s manufacturing solutions represent the cutting edge of fiber optic production technology, ensuring your infrastructure is built on a foundation of quality and reliability. Our semi

Professional optical cable production line manufacturer,

We are professional production of fiber optic cable production lines, wire and cable machinerys,Lan cable production lines,Cable twisting machines,copper
