National Fiber Glass PL

C – Another Ethiopian company in the fiber sector. For more detailed listings, the AddisBiz directory provides a comprehensive list of fiber and fiber product manufacturers in Ethiopia.

International Suppliers

If local suppliers do not have the specific fiber optic pigtails needed, international companies can ship to Ethiopia: FS (Fiberstore) – Offers a wide range of fiber optic pigtails, fully manufactured and tested to industrial standards. They provide single-mode and multi-mode pigtails suitable for networking and telecommunications. Foss Fibre Optics – Supplies pre-connected fiber cables, pigtails, and patch cords with customizable lengths and connector types.

They have extensive experience in fiber optic infrastructure and can provide solutions for enterprise, FTTH, and industrial applications.

How to Procure

Contact local manufacturers directly via phone or email to confirm availability of fiber optic pigtails. Check international suppliers for shipping options to Ethiopia and ensure compatibility with your network requirements. Specify technical requirements such as fiber type (single-mode or multi-mode), connector type (LC, SC, ST), and length to ensure the correct product is supplied.

By combining local Ethiopian manufacturers with international suppliers, you can source high-quality fiber optic pigtails suitable for various networking and telecommunications applications.
